

VYE™

ENERGY REDEFINED

NANO-INFUSED PERFORMANCE DRINK

NANO-INFUSED ENERGY

NO ADDED SUGAR

STIMULANT FREE¹

GLUTEN FREE

NON-GMO

LOW GI

VEGAN FRIENDLY

VYE™ Ready-to-Drink (RTD) is a cutting-edge performance/energy beverage designed to provide sustained, healthy energy without the spikes and crashes associated with traditional energy drinks. VYE™ RTD is your go-to solution, ideal for everyday use, including exercise, sports, studying, gaming, and endurance activities.

Indications

VYE™ RTD is suitable for:

- Normal and Extended general everyday activities
- Everyday exercise and sports
- Intense study sessions and gaming
- Endurance activities like marathons, triathlons, and more

Features and Benefits

Feel the difference with VYE™ – where energy meets innovation!

No Spike or Crash: Enjoy steady energy without the jitters. Absence of stimulants ensures steady energy levels.

- Low GI: Provides a slow, sustained energy release.
- Four Energy Sources: Support healthy metabolism, balanced energy utilization, and enhanced physical performance.

How to Enjoy VYE™

- Best served chilled.
- Drink whenever you need.
- Ideally drink before strenuous activity.
- Consume during and after workouts or any high-energy activity.

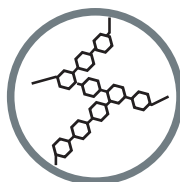

Power-Packed Composition

Monosaccharide

Provides quick energy

**Polysaccharide
(2x)**

Offers long-lasting energy

VYE™ supports an active, busy and healthy lifestyle.

Balanced Bianca

Proud mom and grade 8 English teacher, Bianca is passionate about living a full, balanced life. She prioritizes daily walks and weekly yoga to stay fit and functional as she ages, focusing more on how she feels than how she looks.

Wholesome Wendy

"Wholesome Wendy" is a 27-year-old lifestyle and beauty content creator who lives by the motto "Wellness is Wealth." Tech-savvy and wellness-focused, she prioritizes feeling as good as she looks, exploring ways to optimize her lifestyle and well-being.

Terrence the Tech Guy

Terrence Ndlovu, the first in his family to graduate, is a dedicated software engineer who works long hours to support his family and help his siblings through school. Driven by a commitment to bridge the gap between poverty and opportunity, he believes "sleep is for the rich."

Gen-Z Zayne

Zayne, a 3rd-year Sports Science student at UCT, believes in working hard and playing hard. To supplement his income, he teaches padel and spends his free time with friends, outdoors, or at the beach. Staying fit is a priority, even with late nights of studying and socializing.

Sporty Steve

"Sporty Steve," in his 30s, is a disciplined athlete focused on peak physical and mental performance. Committed to training, recovery, and nutrition, he balances competition with personal life, embodying resilience and leadership. His dedication pushes him to inspire others and reach new limits.

VYE™

Nanotechnology Explained

- First in the world to use this technology in an energy performance drink.
- Involves creating tiny droplets or structures using specialized processes for:

Improved Nutrient Delivery

Nanotechnology enhances nutrient absorption in the body.

Ensures efficient delivery of beneficial compounds in VYE™ beverages.

Enhanced Flavour and Texture

Manipulation of ingredients at the nanoscale.

Creates smoother textures and consistent flavours in VYE™ beverages.

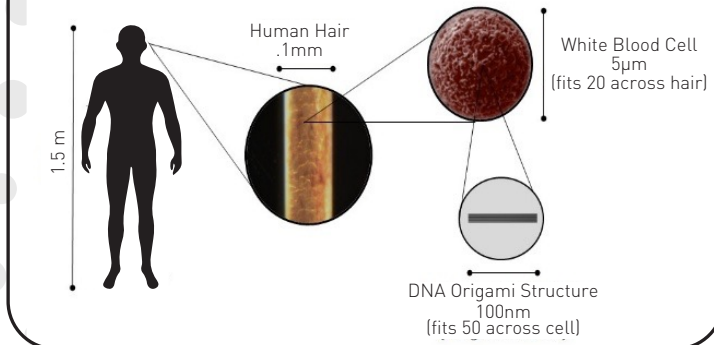

Increased Shelf Life

Prevents growth of bacteria and spoilage organisms.

Keeps drinks fresher for longer periods.

HOW SMALL IS NANO?

Ashkan

better for life
